

ST. PETERSBURG AGAIN IN FOMENT

Sabbath Rest Broken by
Crowds Carrying Red Flags
and Singing 'Marseillaise.'

POLICE WERE BEATEN OFF

CROWDS LATER DISPERSED BY
COSSACKS.

St. Petersburg, July 9.—Political demonstrations during which the crowds carried red flags and sang revolutionary songs, occurred in many places in St. Petersburg yesterday afternoon and night, necessitating the interference of police and military patrol. Street cars were held up and their occupants were compelled to uncover and salute the red flags. The most serious affair happened near the Moscow railroad where an officer, later identified as Lieutenant Tom, made a revolutionary speech to a crowd of 2,000 people. A detachment of police attempted to disperse the assembly but the people armed themselves with stones dug up from the streets and beat off the police and a squadron of Cossacks. Eventually the Cossacks were reinforced and fired a blank volley in the air, whereupon the rioters fled to a neighboring court. Only a few persons were slightly injured. Lieutenant Tom was arrested and taken to the fortress.

Ministry Dispersed.

A meeting which was addressed by orators from a window of the Constitutional Democratic club was dispersed by mounted gendarmes during which several persons were wounded with sabres, and a performance at the people's palace was broken up; the audience singing the "Marseillaise" as they dispersed.

The guards on the mail wagons are now armed with rifles owing to the increasing number of attacks made upon these vehicles. Six newspapers of this city have been confiscated.

Sham Repentance.

Some of the papers regard General Trepoff's proclamation in favor of a ministry composed of constitutional democrats as a sham repentance designed to give the emperor and court a breathing spell, while others consider it to be a confirmation of the report that Trepoff has fallen from favor and is trimming his sails to the prevailing breeze. The holy synod has issued strict instructions forbidding the printing establishments of monasteries from publishing political tracts or in any way taking sides in the present struggle.

PLANS KEPT SECRET.

Dreadnaught Will Not Serve as
Model for This Country.

Washington, July 9.—The construction officers of the navy will not be aided in preparing the plans for the monster 20,000-ton battleship by the plans of the English ship Dreadnaught. So far the British admiralty has been absolutely successful in preventing any part of the designs or plans of the largest fighting machine of the British navy from falling into the hands of other nations. Such information as the United States navy possesses of the Dreadnaught is of no service in designing the new ship provided for in the last naval appropriation act. The fact that the plans of the Dreadnaught are so closely guarded is given as a reason why the plans of the big ship for the United States should not be made public, as will be the case when the terms of the act are complied with, as it expressly says that the plans and specifications must be submitted to congress before the contracts for the new ship are made.

HARJE DIVORCE CASE.

Handwriting Expert Carvalho Called
in by Defendant.

Pittsburg, July 9.—David N. Carvalho, the handwriting expert, who has been engaged in many famous cases of the country, among them the trials of Roland B. Mollieux, arrived here from New York today and registered at the Hotel Henley. He has been called here to testify for Mrs. Harje in the divorce case brought by Augustus J. Harje, the millionaire paper mill owner, against the previous hearings of the case forty letters were read which it is alleged Mrs. Harje wrote to the family coachman, Tom Madine, and which have been declared a forgery by Mrs. Harje and her counsel. It is upon these letters that Mr. Carvalho went to work soon after he arrived.

The Harje case will be called tomorrow morning and it is expected that the result of Mr. Carvalho's work, in part, at least, will be made known. The letters have been greatly enlarged, some of the initials being six inches in length.

WAGE SCALE SIGNED.

Pittsburg, July 9.—Officials of the Amalgamated Association of Iron, Steel and Tin Workers of America announced today that practically all the independent tin and sheet plate companies of the country have signed the wage scale for the ensuing year. This it is said, insures work being started at once in all of the independent plants and steady employment for the year owing to the large number of orders already booked.

PATTIES of MEAT and Grape-Nuts ARE DELICIOUS.

One-third Grape-Nuts to two-thirds hashed meat. Mix Grape-Nuts with a raw egg and what milk it will take up. Form into patties and cook in covered skillet. Don't make too greasy.

OGDEN NEWS.

Office, 2484 Washington Avenue.

Ogden, Tuesday, July 10.

VETO IS OVERRIDEN.

Gas Franchise Ordinance Voted by
Mayor but Council Passes It.

Mayor E. M. Conroy sent a veto of the Snow gas franchise to the city council last night. The reason he gave was that under the franchise the city could neither purchase the Snow plant nor build a plant of its own. The franchise was passed over the veto by a vote of eight to two. Councilman Paine stirred up a little excitement over a report of the building and grounds committee which rented a portion of the city hall square to a tent theatrical company. Paine is a member of the committee and was not consulted in the matter. The show will be permitted to remain, but like requests will be refused in the future. The board of education will be asked to vacate the present Emerson school building, which is to be used as a fire station.

TAKE NEW POSITIONS.

Three Southern Pacific Men Are
Moved up a Notch.

Trainmaster T. F. Rowlands of the Southern Pacific yesterday left for Sparks, Nev., where he goes to assume the duties of assistant superintendent, recently vacated by Mr. Shaughnessy. At the same time W. Wright, chief train dispatcher at this point for the same company, took up the duties of trainmaster. For the present Mr. Wright will conduct the affairs of both his former and present positions. This will continue until another train dispatcher can be secured to take the place of C. W. Kay, who will then be made chief dispatcher in place of Mr. Wright.

Mr. Kay began with the Southern Pacific as night operator at Promontory Point on the old line in 1889. After five years at that point he was promoted to train dispatcher at Wadsworth in 1894. In 1903 he was transferred to Sparks and was made chief dispatcher. This spring by his own request, he was transferred to Ogden, and has been working as a trick dispatcher since that time.

CAN'T GET MATERIAL.

Salt Lake & Ogden's Line to Canyon
to Be Finished This Fall.

From this time no effort will be made by the Salt Lake & Ogden Electric railway to hurry its road to completion during the summer. The officers of the company see that it would be impossible to complete the line in time to handle such of the summer travel as they will put forth their efforts to complete both the line and the property in Ogden canyon controlled by the Ogden Electric company at the same time. This it is expected will be done some time this fall. Some difficulty has been encountered in securing the necessary material for the buildings in the canyon.

County Board Meets.

The county commissioners decided at their regular meeting that they had no jurisdiction for the granting of a liquor license to the Ogden Canyon Sanitarium company, as the property is within the city limits.

Chairman Joseph Stanford reported to the board that he had consulted with Mayor E. M. Conroy relative to erecting a county pest house near the site of the city pest house, and that the mayor favored the project. This question will be taken up with the city council at an early date. It was also decided to select during the present week five delegates to the National Irrigation Congress to be held in Boise Sept. 3-8.

Laundry Deal Completed.

It was reported yesterday that a deal has just been consummated whereby the property of the Western steam laundry, in this city, will pass into the control of the Troy steam laundry, also of this place. At the present time the Western concern will be operated by the Troy people in the separate laundry, or as a rough dry plant.

CAUSING MUCH BITTERNESS

Dreyfus Case Not Yet Decided—Colonel
Piquart Fights Duel With Gen. Gonse.

Paris, July 9.—The supreme court held a lengthy secret session today and adjourned without announcing its decision in the Dreyfus case. It is generally expected that the decision of the Rennes court-martial will be annulled, but the court is understood to be divided upon the question of quashing the verdict entirely or ordering a new trial.

The Dreyfus case is reawakening intense bitterness and has already resulted in one duel. General Gonse, former assistant chief of the general staff, who is opposed to Dreyfus' claims, challenged Colonel Piquart, former head of the intelligence department of the French army, who is a strong supporter of Dreyfus, to a hostile meeting. An encounter with pistols at twenty-five paces was arranged for today with the result that the general fired and missed his adversary. The colonel refused to fire.

CLOUDBURST IN OHIO.

Torrents of Water Rushed Down
Upon Wellsville—Great Damage.

Wellsville, O., July 9.—A cloudburst in the country back of this city yesterday sent a torrent of water down Trotter's run, causing a loss of thousands of dollars. Over 200 homes and business houses were flooded and foundations weakened so that people would not remain in their houses last night. Mayor Fogo called a special meeting of the city council to provide for funds for the cleaning of the city. He put 100 men to work taking tons of debris from the mouths of the several storm sewers. It was impossible for people to leave their homes, so quickly did the water rise into the lowlands. Wagons and some frame buildings were washed into the city proper from the country districts.

EMPEROR AND EMPRESS VISIT SEASIDE RESORT

Oranienbaum, Russia, July 9.—Emperor Nicholas and the empress, on board the imperial yacht Polar Star, made a short visit here yesterday, inspecting the marine hospital and barracks. This was the first time their majesties had been outside the grounds of the palace at Peterhof since they went to St. Petersburg to open parliament May 10.

Oranienbaum is a seaside resort opposite Cronstadt on the Gulf of Finland, nineteen miles west of St. Petersburg.

TO PARK DEPOT GROUNDS.

General Manager Bancroft of Short
Line Approves Plans.

General Manager W. H. Bancroft of the Short Line has approved the proposed plan for the parking of the Union depot grounds between Twenty-fourth and twenty-sixth streets, as submitted by the Ogden City Improvement league. Mr. Bancroft has forwarded his approval of the proposition to Superintendent E. C. Manson, in charge of the league, securing estimates and the doing of the actual work will be left. According to information given out by Mr. Bancroft, the plan will be taken up at an early date. This is one of the first steps looking toward the beautifying of Ogden that was taken up by the improvement league.

COMPROMISE IS EFFECTED.

Truckers and Storers Get Concessions
and Trouble is Averted.

The threatened trouble between the truckers and storers in the employ of the Harriman system at the local freight depot and their employers was practically settled by a compromise agreement. The demand for an increase of wages was refused, as reported in the Herald yesterday. However, certain concessions were granted them, which will result in improved conditions. The Harriman people have agreed to give the men \$1.75 per day for ten hours and passes over the system and every other Sunday off. Previously the men were paid at the rate of 17 1/2 cents per hour, no Sundays off, and they received mileage, instead of passes.

Millionaire Brakeman on Train.

Thomas Bunting, who is widely known as the millionaire brakeman, passed through Ogden yesterday en route to the coast. Mr. Bunting is formerly a brakeman for the Southern Pacific and earned his title as "millionaire" by speculating in California oil stocks.

Struck With Freight Hook.

In an altercation Sunday between Fred Thielberger and John D. Young, two employees of the Short Line, the latter used the freight hook in his own defense when the former had struck him. A bad looking wound was inflicted on Thielberger's head.

Ogden Briefs.

The Degree of Honor and the A. O. U. W. will hold a joint installation of officers at their hall on Wednesday evening.

Mrs. Mary Ann Fowles died at Hooper yesterday forenoon at the age of 62. Funeral services will be held at that place at 2 o'clock this afternoon.

Contractor George Kildstrom has returned from Rexburg, Idaho, where he has been engaged in the erection of several business buildings for people from Ogden.

Superintendent E. C. Manson of the Southern Pacific, who is on duty at Ogden Pacific No. 5 for the west. Mr. Manson will visit California before returning to Ogden.

George M. Hanson, secretary to Senator Sutherland, returned to Ogden from Washington yesterday and was busy all my evening in the city, attending to inside matters at the national capital.

The contract for the construction of the new candy factory of the Shupe-Williams Candy company has been let to C. J. Humphries. The building is to cost more than \$35,000 and will be modern in every way.

Two cars of machinery for the new packing plant of the Ogden Packing Provision company are expected to arrive from San Francisco today. Experts will accompany the machinery and take care of the installation.

Miss Grace Paine and Frank Francis, editor of the Ogden Standard, were married at the residence of the bride's parents, 126 Twenty-sixth street. The ceremony was performed by Bishop Robert McQuarrie in the presence of the immediate friends of the contracting parties.

John C. Davis, formerly of the law firm of Davis & DeVine, has taken offices with Attorney H. H. Henderson in the First National Bank building. The firm of Davis & DeVine was recently dissolved. Mr. DeVine is conducting his business in the offices of the firm in the Eccles building.

LONGWORTHS DINED BY FRENCH PRESIDENT

Paris, July 9.—President and Mme. Fallieres gave a brilliant dinner tonight at the Elysee palace in honor of Mr. and Mrs. Nicholas Longworth. The guests included Ambassador and Mrs. McCormick, the members of the staff of the American embassy, J. G. A. Leishman, American ambassador to Turkey and Mrs. Leishman, Foreign Minister Bourgeois, Minister of Interior Clemenceau, Minister of War Etienne, Minister of Marine Thompson, Minister of Public Works Thomson, Minister of Agriculture Puau, M. Jusserand, Ambassador of France to the United States, and Mme. Jusserand, General Brugere and the Duke and Duchess of Chambour. A musicale followed.

UNPRECEDENTED ACTION IS TAKEN BY RUSSIA

St. Petersburg, July 9.—Interior Minister Stolypin has sent to Ambassador Meyer and the representatives of other countries the government's official report of the Bolshevik rioting, for transmission to their respective governments. While this unprecedented action on the part of the Russian government does not involve recognition of the right of foreign countries to make representations regarding the internal affairs of the empire, it is a distinct recognition of the power of public opinion abroad and indicates the solicitude of foreign countries toward the Russian side of the case. The report is practically identical with that submitted by Minister Stolypin to parliament.

COTTON MILL HANDS WILL GET MORE PAY

Boston, July 9.—An advance of 5 per cent in wages in cotton mills in thirty or more cities, towns and villages of southern Massachusetts and Rhode Island went into effect today. About 45,000 operatives are benefited. Since the incorporation of the movement in mill wages early in the year, 165,000 textile operatives in the New England states have had pay advances of 5 to 11 per cent. Of the total number, 110,000 work in the cotton mills and about 55,000 in the woolen and worsted plants.

PRESENT FROM ROOSEVELT.

Oyster Bay, July 9.—President Roosevelt today sent to the Oyster Bay library four handsome bound volumes, being the Old and New Testaments, illustrated by James Tissot. The two volumes of the Old Testament contain 896 illustrations, and the two of the New Testament 385 illustrations. Ever since the president laid the cornerstone of this library he has sent a contribution of books.

GRAND JURY IS NOW IN ACTION

Investigation of the Standard
Oil's Relation to Railroads
Under Microscope.

SCENE LAID AT CLEVELAND

MYRIAD OF WITNESSES WILL BE
EXAMINED.

Cleveland, O., July 9.—The United States grand jury of this federal district began today the investigation of violations of interstate commerce and anti-trust laws alleged to have been committed by various prominent railroads and the Standard Oil company. A dozen or more witnesses were present, but only three of them were called into the juryroom during the morning. They were George T. Roberts, assistant auditor of the interstate commerce commission; N. H. Anspach, head of the tariff and schedule department of the Lake Shore & Michigan Southern railroad, and W. T. Smith, freight claim agent of the same road. Mr. Smith's examination was not finished when the jury recessed at noon.

Length of Inquiry Uncertain.

District Attorney Sullivan stated that the duration of the sessions was uncertain, but it would last three or four days at least, and possibly a week or more.

Only five witnesses were examined during the day. The testimony of none of them so far, it was declared, was of a sensational nature. It was said, however, that the day's developments opened up a new line of procedure to the government officials, but the exact nature of it was not revealed. At the end of the day's session District Attorney Sullivan hastened to complete the work of issuing a large number of new subpoenas which will be served tomorrow.

Two Important Witnesses.

Two of the witnesses especially desired are said to be Chicagoans. Samuel Rockwell, chief engineer of the Lake Shore railroad, was subpoenaed today, and Clement Shaffer, state deputy oil inspector in the Findlay district, will be subpoenaed.

M. C. Tulley, auditor in the freight department of the Lake Shore road, was a witness at the afternoon session. Tulley gave evidence at a recent session of the interstate commerce commission, here to the effect that the Lake Shore road had been giving secret rebates on storage charges to the Standard Oil company, and that the expenses for this came from Vice President G. J. Grammer. It was stated that Tulley's examination before the grand jury did not develop the fact to the satisfaction of the district attorney. C. A. Slauson, freight agent of the Lake Shore, and H. F. Kellogg, an independent oil dealer of Chicago, were other witnesses during this afternoon.

NOT A DEAD ONE.

Chamberlain Quotes Remark Made
by Gladstone.

Birmingham, Ala., July 9.—The celebration in honor of Joseph Chamberlain's attainment of 70 years was continued tonight when 10,000 persons assembled in Bingley hall to witness the presentation of one hundred and twenty addresses of appreciation of Mr. Chamberlain's political services. The addresses came from various parts of the United Kingdom. Replying to the speech of presentation, Mr. Chamberlain entered on a political retrospect. Alluding to the charge that he had often changed his opinions, Mr. Chamberlain quoted William E. Gladstone, who once said that change was a sign of life and that it was only the dead who remained unchanged.

How to Exercise the Bowels

YOUR Intestines are lined inside with millions of suckers, that draw the Nutrition from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slipper the passage for unloading the current cargo.

It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles, and weakens them for their next task.

Another remedy is to take a strong "Physic," like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

What does the "Physic" do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

Cascarets are the only safe medicine for the bowels.

They do not waste any precious fluid of the Bowels, as "Physics" do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine. They simply stimulate the Bowel-Muscles to do their work naturally, comfortably, and nutritiously.

They are put up in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

The time to take a Cascaret is not only when you are Sick, but when you first suspect you need one. Price, 10c a box.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." All druggists.

The Story of
the White
Heart

\$1.84 IN EVERY PACKAGE

We do not mean that \$1.84 in currency is actually enclosed in each package of Pillsbury's Best Breakfast Food—Vitos. But we do mean it saves you that much over the ready-to-eat kinds. Besides you get "Pillsbury" quality, and that's always the best. A package containing two full pounds costs 20 cents. When prepared it makes 12 pounds. The ready-to-serve kinds, containing about 7/8 of a pound to the package, cost 15 cents. A full pound would cost about 17 cents. 12 pounds would cost \$2.04. So the difference between 20 cents and \$2.04 indicates the saving when Vitos is used—\$1.84. Use Vitos regularly. Put \$1.84 in the bank every time you buy a package. Vitos is a delicious food, it is the "White Heart" of the Wheat berry—the very life of the grain.
